All educators should have a personal professional development plan and actively participate in professional development activities and opportunities. Central to any personal professional development plan should be planned professional reading to keep abreast of trends, issues, and best practices. The need for a personal professional development plan is emphasized by the South Carolina ADEPT Performance Standards for all certified personnel.

Building-level library media specialists and district library media supervisors/ coordinators are encouraged to use this list of *50 Suggested Titles* as a resource when identifying books for updating the professional collection in the library media center(s) and for personal professional development reading.
